

UNIQUE, INDEPENDENTLY REVIEWED, HIGH-QUALITY ASSESSMENT QUESTIONS EXPRESSLY FOR STUDENT ACHIEVEMENT IN ARKANSAS

The ExamView® Learning Series (Learning Series) is a collection of unique, high-quality questions specifically aligned to the Arkansas Curriculum Framework. The Learning Series works in concert with ExamView® Assessment Suite—the industry’s leading classroom assessment tool—to produce study guides, worksheets, and formative assessments to help instructors review, reteach, reinforce, and supplement standards-based instruction.

ExamView® Learning Series questions are aligned to only one standard, ensuring the strongest possible alignment to the Arkansas Curriculum Framework.

LANGUAGE SKILLS. The Learning Series language arts questions are aligned to the 2003 Curriculum Framework. Questions for grades 3–8 are organized by the following strands: Inquiring/Researching (grades 4–8), Reading (grades 3, 6, 7, and 8), and Writing.

MATH. The aligned Learning Series math questions are aligned to the 2004 Curriculum Framework. The aligned questions for grades 3–8 are organized by the following strands: Algebra, Data Analysis and Probability, Geometry, Measurement, and Number and Operations. The aligned questions for grades 9–12 are organized by the following courses: Algebra A, Algebra B, Algebra I, Algebra II, Geometry, Geometry B, Investigating Geometry, Topics in Discrete Math, and Topics in Finite Mathematics. The additional non-aligned questions for grades K–2 are organized by the following core curriculum topics: Algebraic Thinking; Data Analysis and Probability; Geometry and Spatial Sense; Measurement; and Number Sense, Concepts, and Operations.

READING. The aligned Learning Series reading questions are aligned to the 2003 Curriculum Framework for grades 3–8 and 2006 Curriculum Framework for grades 9–10. The aligned questions for grades 3–10 are organized according to reading passage. Reading passages include cross-curricular reading selections with questions designed to assess higher-order thinking skills. Each reading passage offers multiple questions that correspond to that passage. The additional non-aligned questions for grades K–2 are organized according to reading passage.

SCIENCE. The Learning Series science questions are aligned to the 2005 Curriculum Framework. Questions for grades 3–8 are organized by these strands: Earth and Space Science, Life Science, Nature of Science, and Physical Science. Questions for grades 9–12 are organized by these courses: Anatomy and Physiology, Biology, Chemistry, Environmental Science, Physical Science and Physics.

SOCIAL STUDIES. The Learning Series social studies questions are aligned to the 2006 Curriculum Framework. Questions for grades 5, and 6–8 are organized by the following strands: Civics, Economics, Geography, and History. Questions for grades 9–12 are organized by these courses: American Government, American History (US History), Civics, Civics for Core Curriculum, Civics/American Government, Contemporary United States History, Economics, World Geography, and World History.
